

Your Majesty the Queen,

Before I begin, may I have the humble pleasure to introduce myself to Your Majesty. My name is Julia Wójcik and I am delighted to be able to celebrate Your Platinum Jubilee with You this year. I am a 14- year- old girl and I am a student at Tadeusz Kościuszko Primary School, our national hero, in Łęczna, Poland. I am at my last year at this school and this May I will be taking an exam of Polish, Mathematics and English, then I have to decide at which secondary school to continue my education. I think I will be attending a school with extra English lessons because after graduation I would enjoy working with children and teach them English.

In this letter I would like to tell Your Majesty of my plan of visiting London and all the United Kingdom in order to understand the English culture and customs. I would love to see the Big Ben, the Changing of the Guards and eat famous fish and chips at Brighton Pier.

It would be one of my greatest honours if Your Majesty could wish me and my friends some words of encouragement and good luck for our upcoming exams.

May God Bless Your Majesty,

God Save the Queen!

With utmost sincerity,

Julia Wójcik
